War, righteous vengeance, thunder and lightning

Eldest child of Solgarde and Lunara. Known among dwarves as The Rumbler, and among Eastern Tribesmen as The Thunderer. The god of righteous war -- not conquest, but the application of overwhelming force in service of justice. Conduct: Keep the body strong. Use strength to deliver justice to the weak and support righteous war. Thundarak's followers share his tendency to lose their tempers in the face of evil and injustice.
