

Magnus and the Defeat of Artemis Wyrn

Historical Event · The Time of Nightmares

Date: ~-270 TN

Summary

The renegade archmage Artemis Wyrn arises in the chaos following Venn's collapse and establishes the precedent that the Orders must regulate all magic-users of Kyrell without exception. He is defeated by Magnus, a Grey-Robed Wizard and companion to Weohstan, who dies in the battle unarmed. In his memory, the Orders adopt the ceremonial dagger as a symbol — not of violence, but of scholarly dedication and commitment to one's Order above all.
